

④ Message from the Shinagawa Fire Station

The TFD conducts the **Autumn Fire Prevention Campaign 2018** from November 9 (Fri.) to 15 (Thu.). The Campaigns are given twice a year, in spring and autumn, to raise people's fire and life safety awareness, develop their emergency handling capabilities, prevent fires, and minimize fire-caused damage for a safer tomorrow.

We will have the Fire Safety Assembly on November 14 (Wed.) at the Gate City Hall. Specifically, *Part I* will be for the people with excellent fire safety achievements to be commended, while *Part II* will be given as a fire and life safety presentation with Ms. Sarubiatei Kako (professional picture-card storyteller) as the speaker.

We will open up the Higashi Shinagawa Fire Station Branch to every visitor on November 17 (Sat.)!

PROGRAM

- Fire drill demonstration • Fire department vehicles • Vehicle adventure • Kids' fire engine adventure • Fire fighting • First aid • Smoke survival • Fire coat session, and more.

Be there with your family! Enjoy and learn! Join us in this free get-together!!
